Texas Boom Company manufactures a wide variety of equipment including oil spill containment booms, land dikes, collapsible fabric "pillow" tanks, self-raising open-top "onion" tanks, quick-erect rigid-frame tanks, drive-in / drive-out berms and decontamination basins, silt curtains, flow diversion baffles, and a host of customized systems and equipment for a wide range of industrial and marine applications.

Our products are all manufactured using top grade materials and stringent specifications.

Texas Boom stocks many products for immediate shipment in response to urgent needs.

We manage our costs aggressively, and we pass those savings on to our customers.
